Dear Sir yours of yesterday to hand
and contents noted. Sometime
I ago I found there had been
irregularities, such as your
mention, in transmission of
the Naturalist to exchanges -
I at once carefully examined
the matter and just after
the meeting of the A.A.S.
made everything right and
this week I sent to all our

exchange the number issued
to week before. So far as I
can learn the Naturalist is
now sent to every Society or
Editor whose publications
the Nat. Hist. Society receives.

I address them myself and
know that Nos 2, 3, 4, 5 & 6. of Vol I
have been sent to the periodicals
you mention. If you know
of any Society or Journal
entitled to the Naturalist
and not receiving it will you
kindly inform me of the fact?

Yours truly
J. L. Donalds,

Imad
