Memo London

Mac Millan & Co owe
me £ 1. 5/ due July 1st -
I send adv for this, in case
you should be in London after
July 1. (29. Bedford St, Covent Garden)

I wish very much to get
for the new Museum Currier's
animal Kingdom. The best
and latest French edition

Cuts £ 20 Sterling. Search keeps it; but
this Journal affords. There are ~~an~~ advertisements
of Rowell of King William St Strand, of the
English edition, ^(superior very much to the other) for what seems a low price
if the copy is good. Leveque has advertisements
What I must want is the vertebrate accounts.
The Invertebrate part is now sent out of
date, but I do not know if the vertebrates
can be had separately. I also see advertisement
of Russell Marchmont Russia. It seems desirable
but would be very useful here. If you have
time please inquire about these and if you
purchase I shall repay the amt.
