Principal Dawson
Montreal.

My dear Sir,

I have received the copy which you were kind enough to send me of your valuable and elaborate paper on the "results of explorations of erect trees" &c. and I now return you my best thanks for it. It is quite an acquisition to my collection of books on the geology of the Dominion which I try to make as complete as possible.

I fully intended to call upon Mr. Dawson & yourself on Friday last & failing that, on Monday, but did not manage to do so.

Very little of my time was at my ^{own} disposal except when it was too late in the evening. I hope you will excuse my seeming negligence in the matter. I remain

Very truly yours
Robert Bell.
