Dear Dr. Dawson,

I have had the enclosed Bill prepared in case it is thought necessary to ask for legislation to incorporate the Society.

You can show it to Mr. Chauveau & Dr. Hunt. It is very simple & gives all the necessary powers. In case we go on with it I shall have a copy sent to each member of the Society after the

first reading.

I have not seen Mr  
Sme yet, as he is  
of course very busy.

I may have a chance  
of talking to him at  
the State Dinner on  
Thursday evening next

Yours,

Joseph Bonomi
