My dear Doctor Dawson

I will speak to the Treasurer concerning the proposition you make about including the School Inspectors and Normal School professors in the Civil Service - I am afraid it can hardly be done as that would entail an amendment to the School Pension Act.

In the event of Principal Hicks being placed on the Pension list I shall be glad to know your views concerning the reorganization of the staff - Very truly yours

My dear Victor Hanson  
I will thank to the  
enclosures concerning the papers  
that you made about including  
the school inspectors and former  
school professors in the Civil  
Service. I am afraid it can  
hardly be done in that world  
order an amendment to the  
School Law etc.  
As the work of  
Principal has been placed  
in the Pension list I shall be  
glad to know your opinion  
concerning the reorganization  
of the staff. Very truly yours  
C. S. Hanson  
Director
