My Dear Sir: Your card of Dec 30-82 came to hand in due time. I am glad that you have finally got to the Loxonema and when described I will be glad to receive a copy of description with the specimen. Last ~~September~~ August - 17th I called at your residence in the College building but was informed that you were out of town & would not be back until Saturday (that being Thursday). I was then en route to Quebec & Boston and hoped to time myself so that I could attend the Association upon my return the next forenoon, but was delayed a week through business matters and on my return I was in too great a hurry to stop although I came within 100 miles of Montreal.

Very sincerely yours,  
W. F. E. Gurley
