Many thanks, my dear Sir, for  
your very interesting paper  
on the credit trees containing  
animal remains in your Coal  
formation of Nova Scotia.  
Allow me to send you today my  
Nachtraege zur Flora 19, with  
the little Stegoccephalus from  
the Rothliegendes in Saxony.  
With the highest respects  
Yours very sincerely  
Gladstone 21/2 83. J. B. Geinitz.
