Wednesday Evening

Principal Dawson

My Dear Sir

The Rev George  
Punnett of Brockville has  
consented to give us his lecture  
on Egypt on any day in March.  
We had hoped to secure Principal  
Grant for another which with  
the promised one from yourself  
would make a short course  
of three. Principal Grant will  
come in October, but cannot  
respond now. Dr Wells  
is pleased to give us his  
lecture on "Wondersland" but  
it would be too soon after  
his delivering it in the Grand  
Morris Hall a week from

next Sunday Evening. At a  
meeting of the Ladies this after-  
noon it was suggested to ask  
if you could not make your  
one lecture two, which with  
Mr Burnfield's would give us  
the course thought of.

In this way we might secure  
Mr Wells and Dr Grant both  
for the Autumn. I was asked  
to communicate with you of  
the matter and do so. May I  
know your mind soon.

The evenings we thought wd  
be best are 22<sup>nd</sup> + 29<sup>th</sup> Mch.  
and 5<sup>th</sup> April (Thursdays) They  
might be put a week earlier  
wait not for the other course  
which would close only the  
same week.

Yours very truly  
James McLean
