

GEOLOGICAL & NATURAL HISTORY SURVEY.

Alfred R. C. Selwyn L.L.D., F.R.S., Director.

MUSEUM & OFFICE, SUSSEX ST. OTTAWA.

March 1st, 1883.

To Principal Dawson C. M. G., &c., &c.
Dear Sir,

I propose, should nothing interfere to prevent my doing so, coming down to Montreal to get the Verrillias, &c., for our Museum, on Monday next, the 5th inst., I have written to Mr. Muir to that effect.

Dr. Selwyn is quite willing that one of the Verrillias should be retained by the N. H. S. I regret that want of time will prevent my being able to read a paper this winter before the Montreal Society, but hope to be able to do so on some future occasion. Many thanks for the Report on the Peter Redpath Museum, just received.

Very sincerely yours,
J. F. Whiteaves.
