

New Glasgow, Nova Scotia,

April 9

1883

Dr Dawson

DEAR SIR;—

Having bought the lot on East River formerly owned by you and in which I understand you sunk a bore hole I would like to ask you if you would be kind enough to send me a copy of the rock section you found there. My reason for asking is that the boulders look as if there might be a bed of sand stone there which could be quarried.

Also for curiosity would  
ask why you selected that  
locality for operating as  
it would appear from  
the Northern dips of rock  
that the strata you would  
penetrate are exposed  
in the river section toward  
New Glasgow. Hoping you  
will not consider I  
am interfering with your  
valuable time I Remain

Yours Truly  
D. E. Chambers,
