My dear Col De Winter,

Your recollection was  
to kind some time ago  
as to invite Dr Chauveau  
and myself to be his  
guests at the Royal Society  
meeting on the 22d. I find  
however that the preliminary  
arrangements for the meeting  
in connection with especially  
with the possibility of the  
reopening of Parliament certainly  
at the end of the week or  
longer will require that

I should be in Ottawa on  
the 21st probably arriving  
by the Atlantic train here  
at 12.45 - p.m. If Dr  
Chambers's health and  
family affairs will permit  
him to attend the meeting,  
I would be well pleased to  
~~I should like him to~~  
~~come with me.~~

In these circumstances  
I shall be glad if you  
will inform me, any time  
before Monday, whether it  
will be His Excellency's pleasure  
that we should wait on

will be  
will be  
will be

him immediately on arrival  
or at what the hour of  
with the same amount of  
is. The amount has been  
all other for 3 or 4 2 hours  
and report to the receiver  
to see the bulk as to the  
bulk to be done, but the  
will not be for him.
