June 1883

Ottawa,

5th June, 1883.

Dear Dr Dawson,

Immediate steps should be taken to commence the printing. The grant lapses by law on the 1st July, but I have taken measures to have it continued for three months from that date. So you will see we should use it by then.

Will you enquire on my behalf as to printing. In fact we should commence, the plates should also

be put in hand.

It is asked about
Mr. Chauveau's going
away. We should have a
Council meeting during
his absence perhaps.

I am anxious to have
matters in train. I have a
gentle deal to do. Parliament
having given me a grant to
publish a work on Parliamentary
Procedure. Besides I have an
offer from Blackwood to contribute.
I cannot see my way very clear
to do all I wish.

Yours sincerely
Johnes Boswell
