

Mountainville Ch. Y.
July 17th 1883

Dear Dr. Dawson,

Mr King favor
of the 16th with enclosure is
just at hand. I regret the
restrictions on Settlers' effects,
for though what I take with
me now will doubtless be
entirely without trouble, they
constitute but a very small
part of what I should have to
take next year in case of
continued residence; goods
which we have had in use
for several years. However,
when that time comes,
perhaps a way out of the

difficultly may be discovered.
Mrs. Purbellom joins with me
in kind regards to yourself
and Mrs. Dawson

With respect
D. P. Purbellom
