My dear Sir  
When I wrote to  
Mr Baynes I had no  
idea that you would  
do more than pass  
through Montreal on  
your way to Europe.  
Your stay for a few  
days gives me the  
opportunity of writing  
to inquire whether  
the "Memorandum" book  
(in the form of a diary  
or at any rate, with  
dates) which you said  
you would leave for  
me, as well as another  
for Dr Leach, will be  
left in the drawer of the  
table in your room in the

Colleg, or whether you  
will send it to my  
house or elsewhere?

I purpose to be in  
town on the 11<sup>th</sup> inst.

With best wishes for  
a pleasant trip  
and happy return  
for yourself and  
family.

Believe me

Yours very sincerely  
Alexander Dawson
