

R. ANDERSON & Co.

June Street, Leith Walk.

Leith ~~27~~ 30 Oct. 1883

Dear Dr. Dawson.

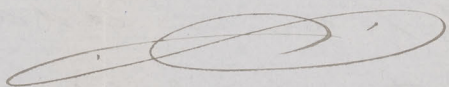

I was instructed
to telegraph to you the
substance of this com-
municator, but I am
afraid the necessary
brevity would not have
allowed me sufficiently
to explain. —

The Council of the
Zoological Society have
authorised me to say
that they have most
heartily placed a ticket
for the platform ~~opposite~~
at your disposal for the

1883
Society's great meeting
on evening of 1st Nov. when
upwards of 3000 are ex-
pected to gather from
all Scotland to celebrate
the Jubilee of the Society
& to hear an address from
the Duke of Argyll. The
gathering of so many
noblemen & gentlemen
will be an unusual one.

Will you arrange
at all events of your
coming? The Council
were not aware of your
being in England or
they would have com-
municated earlier. —

The meeting is to
be held in the
Museum of Science
& Arts - In haste
Yours faithfully
D. Williamson
