I have received to-day from the Bank of Montreal £ 2-10, = 50 M. for your subscription to the Fauna & Flora. Allow me to say that the subscriptions for the 3rd & 4th years (viz. 100 Marks) have already been paid thro' ~~Cumson~~ the firm Low & Co., London; thro' whom also the Monographs are sent to you. I will therefore, with your permission, consider the surplus of 50 Marks as the subscription for the 5th year. To prevent further misunderstanding, kindly inform me whether the amounts for the 6th & following years

will be paid by you direct,
or thro' Low & Co. It is quite
the same to me in whichever
way the account is settled -
