My dear Prime! Dawson

We are looking forward to the pleasant prospect of meeting you again very shortly in Montreal; but it has occurred to me that the arrangements for the Des['] meeting

might be expedited
if the invitation were
set up in type before
I came — leaving of
course the names of
the conveners incomplete.
If you think so too,
might I ask you
to be kind enough
to draw up the notice,
and put it in the
hands of a printer?

Enclosed is a copy
of the notice at
Southport, but of
course it may be
modified according
to your judgement.

With very kind
regards to W. Dawson
and your family

I remain

Yours most truly

J. H. Gladstone
