My dear Sir,

I have yours
of Sept 23d and am
getting on as rapidly
as possible with the
MS of my book. In some
time I have put the
remaining cuts into
the hands of an en-
graver here. They will
be done very cheaply
and well and I

Can have the specimens
of collecting them. The
little sections printed
in Geol. Magaz. will
be sent to you by
A Woodward.

I shall send the
chapters as finished by
book part and shall
hope to have them in
your hands in Nov or
December. Truly yours

Edmund Selous
