Dear Sir

I take the liberty of
writing to you with respect to
my article on American
politics; I sent it to Mr Colver
of the Canadian Government
Office in London, he sent it to
the Messrs Macmillan with
the letter of introduction which
you so kindly gave me to them,
but without any other address
The answer will therefore
probably be sent to you. I re-
-gret that you should be further
troubled in this matter, but Sir
Oliver Lupper did not wish

The answer sent to his office
because of the criticisms of Amer-
-ican political methods in
my essay. That was quite right
for such a course might seem
to give it official involvement,
though my article was approved
by leading American citizens.

I should esteem it a great favor
if you would kindly comment
to me the Messrs Macmillan's
decision should it be sent to you
My address will be the Murray
Hotel Hotel Ave.

Please give my sincere regards
to Lady Dawson. Thanking you for
your kindness Yours faithfully
H A Macfee
