March 8th

Dear J. Thomson,

I should have written
before & thank you very
much for your kindness,
first in your kind letter
of sympathy & appreciation
of my dear Father & also
for the pleasant notices

Which you have so kindly
written for the newspapers
but my time has been
completely taken up with
the work of packing & sending
off all the collections of trees
& Washington: that work
was not ended last week.
Believe me I am grateful
for your kindness & sympathy.

We were all much pleased
with the notice in the Montreal
Gazette which you were good
enough to send me

With kindest regards
& many thanks

Believe me
Yours truly
Edwin George Jefferys.
