My dear Sir William

I am in receipt of your letters of Monday & Tuesday, to the finish I do not think that I could write, after Mr. Heneker and yourself, any thing effective regarding the Codification changes in the School Law, it ought to be postponed until another Session, I hope if possible to be able to go to Quebec a few weeks before their Session close, and be able to aid in some way in this important matter.

I will D.T. attend on Saturday 21st the estate Committee, before Governors meeting.

Sincerely yours
J. Gerrard
