March 29/85

Dear Sir,

As the Spring is  
now approaching, I write  
to ask that you will  
kindly give an eye  
to my lot and see  
that the fences are  
not broken & the  
snow-water running  
over and making  
follies. Any labour  
you may spend or  
momentary any injury of  
this kind I shall gladly repay.

Mr Leyall is to be  
making some repairs  
on the house, and  
I shall be glad if  
you will see that the  
workmen do not  
destroy trees or otherwise  
injure the grounds.

I still wish to  
dispose of my boat  
and skiff, and will  
give the former with

oars complete for \$22  
(pay twenty two) and  
the cutter for \$6  
(pay six) or both  
for twenty five. If  
you do not wish to  
have them yourself,  
will you kindly ask  
Abtle or others if they  
would care to take them,  
I shall willingly give  
you say \$2 commission  
I expect a sale. I shall  
also write to Mr Leggett

asking him if he  
cares to have them

Trusting that you  
are all well, and  
with good wishes to  
all, remain,

Yours truly,

Wm Dawson

P.S. I shall be glad  
to hear from you <sup>on any other matters needing attention,</sup>  
to the boats, before we  
go down to water.

W.D.
