

UNIVERSITY OF VIRGINIA, Va

May 5th 1885

Dear Sir,

I infer from your letter that you have not received a copy of my "Older Mesozoic Flora of Virginia," forming Monograph VI of the Publications of the U.S. Geological Survey. Those published in other, I requested the Survey a month ago to send you a copy and was told that it would be done, I will write and request again that the work be sent, there has been no recent publication on the Cretaceous plants of New Jersey and Maryland.

Yours truly

Wm Fountain
