

Wm 18
1870

My dear Mr Wm Dawson,

I was very glad indeed
again to speak of you & see
to my colleagues of the Canadian
Railway and am much pleased
that you were able to obtain
his services, which will be
very useful for him with them,
no doubt be a great advantage
to the Company.
When I hope to see

Mr Barlaya a couple days
back he told me what if you
are good enough, to mention
in your note what my
views as one of the trustees
of the Glasgow Institute and
that he would labor on this
one alone on the subject,
whether it may be possible for
me to join in the trust or not
shall always feel warmly in-
terested in the success of the Institution,

Yours very
Lovingly
Doubtless yours

9th May 1885.
