Princ Dawson

Dear Sir

Out-of-respect-

for the memory of Mr. Billings from whom I obtained my first instruction in Geology I would like to have this paper (if worthy) published in a Canadian Journal of Geology. I am under the impression there is such a one in Montreal will you do me the favor to pass the paper to any such publisher in the Province and request them to correspond with me if desired, or send me a copy if published.

Very respectfully yours

Clinton, Iowa.
