

Memucopolis 25th June 1885

Dear Sir

I received the Govt. notice
re ranch which you kindly
forwarded to me. The Govt. have
cancelled all the ranch leases
which had not been utilized by
placing stock upon them. I have
written your son Dr Rawkin's
Dawson to his London address about
it. If we can get a company orga-
nized to place cattle upon the land
I have no doubt but we can
secure a renewal of the lease. I have
been working among American capi-
talists, but the depression in business
makes success problematical. I have
asked Dr Rawkin Dawson to try English
capitalists if he has an opportunity.
Thanking you for your trouble
Yours faithfully
Sir Wm Dawson H A Macfar

Walter
