

Lambe
GEOLOGICAL & NATURAL HISTORY SURVEY.

Alfred R. C. Selwyn LL.D., F.R.S., Director.

MUSEUM & OFFICE, SUSSEX ST. OTTAWA.

Sept 1st 1885

Sir -

I received your letter dated August 21st and now write to let you know that the drawings for the four plates are finished. I have also planned out the plates. If you do not approve of the order

*Sir Wm Dawson }
Mr. E. C. Bell }*

in which the drawings
are placed, altera-
tions are easily made.
I have endeavoured
to avoid unnecessary
crowding, and placed
in plate three five
drawings which I think
you wished to go in
plate one. I did -
this so as to keep them
together as much as pos-
sible. The drawings are
ready and can be sent
down as soon as wanted.

yours sincerely

L. M. Lamb.
