

M^cGill College.
Montreal.

Oct 17, 1885

Dear Prof. Bowyer,

Your of Sept 24
from Kinlochhead arrived
today, and I write
now Mess^r & Day that
I shall be quite pleased
if you give the notes to
Woodward for the feels.

Magⁿ. In this case
all that ^{of me} will be needed
is to refer to my previous
papers on Syll in the
Magⁿ, and to separate

Spalding House
London

in your notes the
specimens which come
from the old Pacific
Series from those
from Biggish which
I suppose to overlie
the former, if however
you have not time
to attend to the matter,
on your informing me
I shall put it in
the best shape I

Can and see that
propose sent to you.

I am dragging on
as usual at Sepulchre
work, but can take
an hour now and
then for geology.

The Aberdeen Weekly
Review & have been
very successful. I trust
that at Birmingham

Bunny &
Cly & Bunney

Oct/85

will not be heard

A.

All here send very
kind regards to you
and Miss Bunney,

Sincerely yours

M. Dawson
