Oct. 29. 1885.

Dear Dr. Dawson,

It was very thoughtful and kind in you to send me a copy of "Egypt and Syria". I am reading it with deep interest, and with sincere gratitude to God that you have been raised up, in his good providence, to show the harmony between Nature & Revelation, by, so to speak, reading these two books of God together, as though printed, like the Old & New Version of the Bible, in parallel columns or pages, & open side by side in your hands.

Heartily wishing we could see & hear you here again, & with the kind regards of my family, I am,

Sincerely & with great respect,
Yours,
E. A. Huntington.
