

118 Vittoria Street,
15th December 1885.

My dear Sir,

In accordance with your valuable instructions I have prepared my application which I send you with this note. I trust that it is in proper shape, for I have followed your good advice in all respects but one. I preferred an indirect reference to my clauding at graduation to the writing of it with my own hand.

As I have but just time to catch the mail, I ~~have~~ only send you my warmest thanks and kind regards before closing.

Yours most sincerely
Paul S. Laffan

Sr William Dawson }
Montreal

(over)

I add in haste that I send with
my application two testi-
monials from the respective
headmasters under whom I
have taught. Have made no
other reference to them; but
I thought that they might bear
witness as to my fitness for
the profession of teaching.

P. Tid.
