Dear Sir William,

It had already occurred
to me we should now publish
a list of Exchanges in the
Transactions. I am having
a list prepared for the fourth
Volume.

I have prepared a memorial
to the Government on the subject
of the Grant, or Wilson has
signed it, & I have sent it in
to the Secretary of State, so
that we may lose no time.
I went over the proofs you &
others did a Saturday.

I have been confined
to the house with a troublesome
cough, since you were here,
I have ~~not~~ consequently ~~not~~
seen the subscription but
shall make an effort to find
Miss Brooks before I leave
Central York. Where Miss
Bourne & my daughter are
at present. They are at
the Seminary and school

Yours sincerely,
Jas Geo Bourne
