

Hawa,
3^d March 1886

Dear Sir Melvain,

I have written to
Dr. Wilson about the date.
For our next general meeting,
I should like to be the 18th or 25th of
May. In either case P. is
likely to be sitting, but we
can arrange matters. I am afraid
a good many members will be
absent this Spring, in connection
with the Colonial Exhibition. If
we decide on a date, I wish to
send Circulars off at once
so that members may read abstracts
of papers in time when they
flatter yourself
