

To Sir J. W. Lawson, Principal, P.P.  
at Montreal

My dear Sir:

Many thanks for your newest  
kind gift "On the Mesozoic  
Floras of the Rocky Mountain  
Region of Canada", which  
comes to me very convenient  
for a comparison with the  
plants of our Cretaceous in  
Saxony.

I remain, my dear Sir,  
with the highest respects

Yours very truly

H. B. Ginnity.
