BIRMINGHAM,

May 22 / 1886-

My dear Sir Wm Dawson,  
You will shortly receive 500 copies of a circular containing local information regarding the approaching meeting of the British Association. We shall esteem it an objection if you will kindly direct their distribution among the hospitable citizens of Canada who so cordially welcomed the members in 1884 - & among the scientific men of Canada generally.

I may add that the  
Local Committee in Birmingham is  
extremely anxious to do its  
utmost to return the hospitality  
shown in Canada; & cordially  
invite you to make any  
suggestions that may help them  
in carrying out this object.

Hopefully you could furnish  
us with the names & addresses  
of scientific men proposing to  
attend, with whom we could  
personally communicate in  
order to arrange for their  
accommodation as pleasantly  
as possible.

" I am delighted that we  
we have the privilege of  
receiving you as President at  
the Blount meeting.

You will have heard  
from our Mayor regarding  
your own accommodation.

Believe me

very faithfully

Henry W. Crosby

Dr. W. Dawson.
