My dear Sir William

Your pamphlet  
writing is before me & I shall  
be glad if your cause should  
succeed. I have a part for an  
old friendly relation, a feeling  
that our own Irving men  
who qualify themselves in our  
sphere should have other  
things being equal a preference.

I have communicated  
with the Mayor & if I can  
help in any way will do so  
but unfortunately I have to  
leave on important business  
Yrs

Winnipeg - By the way, I have  
been now three elected a  
delegate to the Genl Assembly  
but were ineligible as not being  
an Elder - It is now a very  
important body & I would think  
it a congenial sphere of usefulness  
I always enjoy the meetings

Dawsonland was done  
last September - Could you  
not qualify by joining the  
Septem of the Church you  
attend & thus strengthen it as  
well as the Church
