July/86

Birmingham,

14 July 1886

Dear Sir William,

I am extremely
obliged by your kind
and prompt compliance
with my request for
photographs. I think
there are not unsatisfactory
whenever you come to

Birmingham we must
see whether they can
be improved upon.

I am about to forward
to the Geological Society
London for your acceptance
a copy of the Life of Josiah
Mason and the College
calendar.

Believe me with best thanks,

Yours very truly
William A. Tilden
