My dear Sir,

I am very
much concerned to
see in this morning's
Daily News that
Lady Dawson and your
son were sufferers by
the accident in the
dockyard yesterday.

I write at once to

say that I should
have called personally
to enquire, if I had
been able to go into
London today - as it
is, I have to attend
the funeral of an old
family friend in
the suburbs.

I hope that the effects
will not be such as to

near for any time the
pleasure of Lady Dawson's
visit - and that you
will not be under any
serious anxiety on her
account, or your son's.

With kind regards,

Remain
Faithfully Yours
W^m Laet Carpenter
