

North Broom - 6<sup>th</sup> Aug<sup>r</sup> 1886

Somerset Lodge,

Wimbledon Common.

My dear Sir William

Your note of 3<sup>rd</sup>  
has been sent to me from  
Loacha, and I regret very  
much being unable to  
meet you at present -

I hope to be in London  
about the beginning of  
September, but I believe  
the meeting of the British  
Association takes place

about that time - You  
may however be in London  
after the meeting, where  
I may have the pleasure  
of meeting you. A note  
is directed to 61. Strand  
It will always find me.

Since I left London 23  
I have been in Paris, and I think  
but I never is the only one  
of the Governor of the University  
in my time remaining here.  
My first acquaintance

With your dates from a good  
many years earlier. I  
have been glad to hear from  
time to time that your  
health was good.

Mr. Davidson joins me  
in kind regards to Lady  
Dawson.

Yours truly,  
S. Davidson
