My dear Mr. Shaw

For your favour of the

9<sup>th</sup> inst. containing sketches

of some of what you considered would

be the most advantageous site

within the University grounds

for a College for the higher education

of women and for your private

note accompanying I thank

you much. I quite agree

as she says that the site as pointed  
out would be a most desirable  
one and well adapted for the  
purpose in view, and I  
trust that ere long such a place  
in affiliation with the McGill will  
become a substantial reality.  
Of course if at the moment  
at close of the present month  
the Governor would pass a  
resolution setting aside the  
portion of ground there, as  
a site for a women's college  
it would be so much gained.

and I shall be glad if they  
 see their way to do so - If  
 possible I shall be with you  
 at the meeting and would be  
 glad to support any motion  
 or where that may be brought  
 forward

I trust it may get less  
 very long time before before  
 the University and College will be  
 approved of your own invaluable  
 services in your present position  
 and that your health & strength  
 will continue such as to induce

you to relinquish the wish you  
 refer to & retire from College  
 work at an early period.

I think of having for England  
 to be absent about four or five  
 weeks about the 2<sup>nd</sup> or 3<sup>rd</sup> of Decr,  
 and before going should be glad  
 if an opportunity of having some  
 further conversation with  
 you, about the Dooms College  
 to be kind regards

Believe me  
 Dear young  
 Gentleman  
 Yours truly  
 Thomas Storer
