Montreal Decr 20. 1886

Dear Sir William

I have yr two notes and also one from Mr. Mil-
lars. I shall look at the matter to-
morrow. I learned last week from
Mr. Bowdler that such a paper had
just been put in hand, and remarked
that I had not heard of it. To which
he replied that it was not named
in Mr. Whitecross's official report
as Secretary of the Section. Mr.
W. now writes me that he sent some
through Mr. Bourne a report
to be kept. If so, he can rest with
Mr. Bowdler, whom I will see to-
morrow morning & do what I can
to make the matter straight. It is
very unfortunate, to say the least, that

at the last date, when we hoped to get
the volume out in good season,
a paper comes up to be printed
sent to England for proof read-
ing, and thus delay the volume.
We had begun in July with a
determination to get it out by the
New Year. I will get at the bot-
tom of this muddle & know
where the blame lies.

Very truly yrs

J. Stearns Hunt
