

Toront

23^d. Dec. 1886

My Dear Sir William

I suppose it is scarcely
necessary for me to reply to
your request relative to the
copy I sent you of the
Gilchrist Scholarship
report. I have no doubt
you will exercise with
wise discretion a reasonable
use of it for securing the
object aimed at by us both.
It occurred to me, after
the Report had been presented

Whether it might not have been
better to suggest the holding
of the Scholarship for two
years instead of three; and
making it £150. per Ann.
What say you?

Should you see your
way to give us a Saturday
lecture, I shall greatly value
the favour; and if so, please
let me know the title; and
about when, may be con-
venient: But I fully
realise how unreasonable
the request is. So if you
answer, as to the convenient
time: "Never!" I shall

recognise it as a very
reasonable reply.

I have an inflamed
eye, — so excuse brevity
All kindest I mean
wishes for Lady Dawson
and the Home Circle at
cheerful College.

Yours faithfully
Dan. Tooley
