Sir J. Wm Dawson

My dear Sir

Enclosed I send
you a note just received from
Dr Starr

Mrs Woodbridge had intended
inviting Dr. Cochran to meet you
at dinner on Sunday but she
wishes you to make your decis-
ion without regard to her and
in such way as you may deem
best

She also wishes to convey

through me her thanks for
the books you so kindly sent
which were received tonight, and
which she says will have an
added value as being the gift
of the Author.

I sent you a letter from
N.Y. today which I suppose
you will receive at about
the same time as this.

Yours Very Truly
O. Woodbridge
