

Primer
Capey Pictou 11th April 87

My Dear Sir William

I have rec^d yours of
4th Inst. and have remitted \$16.
the balance in my hands - to Miss
Maddell for the Sauto Mission.

- This is I presume what you intended
me to do altho you mentioned \$20
as the amount. I would have re-
mitted the latter sum if I thought
you so wished it but I take it for
granted your desire is to dispose of
the balance I hold for you in this
way.

The report as to the Pictou
Islanders is I believe somewhat ex-
aggerated altho it is too true that
they are somewhat neglected. The
Island is in the "Kirk" presbytery &
the latter is not in the union (as you
know) that is aloof from the Presbyter-
ian Church of Canada. They are jeal-
ous therefore of any interference from
"outsiders". The matter however is
being aired and there is little doubt
that the coming season will see more

attention paid to the spiritual necessities of the Islanders. If the Church, do not do their duty, and the Y.M.C.A. undertakes any work there they will be very glad to receive a subn. from you as you kindly suggest.

I observe that George is to be engaged in important work on the Yukon River this summer. Please remember me kindly, to him and say I wish him a pleasant trip and that important results may be reached by his Explorations. I was also glad to see that William has been appointed to a good position in Dorout.

With kindest regards
to your home circle.

Yours very truly

H. P. Inwood

Lady Dawson will be sorry to hear that Mrs Rossi has been ill with Congestion of the lungs. She is now much better

H.P.

I find there is still a balance in my hands in your favor of 54¢. I enclose the amt. in postage stamps, herein

H.P.
