Mr. J. W. Dawson, L. S. D.,

Dear Sir:

Having at-  
tended the Course of Lectures  
you delivered last Winter in  
the Lowell Course I write to  
ascertain if you have published  
a work on "The Flora of Early  
Geological Times": I desire some  
work in the line of your lectures,  
which I enjoyed very much.

Yours Very Truly
