

175 Brattle St

Cambridge, Mass

May 17, 1887

To Sir William Dawson,

Sir;

It seems extremely desirable that the Dominion of Canada should be represented in the Enterprise of which a circular is enclosed.

The names of scholars who would be likely to be interested, or of others who would favor such a project by subscriptions, are not accessible to the writer.

Anything you may think proper to do toward communicating the enclosed circular to the proper persons, will be a favor to the writer.

Very Sincerely

Wm M. Newell
