

Have  
June (188)

Dear Sir W.

I return you the  
proof. About 150 copies  
will answer our purpose.

I shall transmit  
the Report as soon as  
I get a printed copy  
to the Secretary of the  
Royal Society of London.  
I am glad you sent me  
the letter to Nature.

All the members I have  
seen deprecate Bell's  
impertinent action in  
the last day of meeting.  
Yours sincerely,  
Joseph Boscawen
