Dear Sir

Yesterday afternoon and this morning
I was unpacking the box of Laramie, and
was very much pleased to find that you
were able to name so many. While reducing
one specimen a little in size I came on a
leaf that appears to me distinct from any
others in the collection, and have taken
the liberty of sending it to you by post,
knowing that if it is different you would
be glad to see it.

Yours sincerely

J. B. Zynell.

I have the pleasure to inform you that the
 specimens of the same as many
 others in the collection will be
 the object of study at the
 present time of it is difficult to
 find to me.

Yours sincerely
