

R. D. RORISON,

General Produce and Commission Merchant.

GRAIN A SPECIALTY.

CHOICE LANDS IN MANITOBA FOR SALE.

Winnipeg, Man., June 11<sup>th</sup> 1887

Sir. Mr. Dawson  
Montreal

Dear Sir: - Have forwarded you  
16 different samples of ingredients  
found in Riding Mountain  
District. Have been up in that  
Territory and gleaned those from  
the many there. Would you give  
me full information re sample  
no 3 as to its value and what it  
could be used for and should it be  
valuable where I would find a market.

Have a man prospecting in that  
section now and would be pleased  
to have your aid in fully knowing  
what minerals, sand stones or clay  
in that district are worth.

Re all those forwarded you 16  
in all we would like your opinion  
as to what they may be worth. The  
stones <sup>containing brown shavings</sup> ~~marked~~ ~~no 9~~ are from a droped stone  
found on Lake Dauphin beach. The Asbestos  
mentioned in my last will be forwarded as soon  
as I get more of it. Expect a further sample  
soon. Would be pleased to hear from you by  
first mail and enclose your account  
and will remit by first mail. You might send

me report in full for the tale sample no 3 and charges  
thereon and state what your charges will be for balance.  
and on receipt of same will advise you about the rest.  
Yours Respectfully R. D. Rorison

R. D. ROBINSON

General Produce and Commission Merchant.

GRAIN A SPECIALTY.

CHOICE LANDS IN MANITOBA FOR SALE.

Winnipeg, Man., June 11<sup>th</sup> 1887

Dear Sir: - I am forwarded you  
different samples of ingredients  
found in Peabody Mountain  
District. You see up in that  
territory and I believe that from  
the many there. Would you give  
me full information as to sample  
No 3 as to its value and what it  
could be used for and should it be  
valuable where I would find it. I  
have a man prospecting in that  
territory over and would be pleased  
to have your aid in fully knowing  
what minerals found there or else  
in that district - are worth  
at all that I forwarded you.  
In all we would like your opinion  
as to what they may be worth. The  
samples forwarded <sup>containing some</sup> are from a Canadian  
found on the Peabody Peak. The district  
mentioned in my last will be forwarded as soon  
as I hear more of it. I expect a further sample  
soon. Would be pleased to hear from you by  
first mail and enclose your account  
and will remit by first mail. You might send

Handwritten notes on the right margin, including the name 'R. D. ROBINSON' written vertically.
