

Via Rovello 6

Milan. 20<sup>th</sup> June 1887

Dear Sir Wm Dawson.

My wife is very  
anxious that I should  
ask your opinion as  
to the best way of Edu-  
cating a Boy (now only  
11 years old) to the  
profession of mining  
Engineer. and on both  
ventures to believe that  
you will pardon our  
troubling you on the  
subject

Dear Sir,  
I have the honor to acknowledge the receipt of your letter of the 11th inst. in relation to the proposed extension of the term of office of the members of the Board of Directors of the Bank of Montreal. I have the pleasure to inform you that the Board has decided to extend the term of office of the members of the Board for another year, and to hold the election of the members of the Board for the year 1880 on the 1st day of January next. I am, Sir, very respectfully,  
Yours truly,  
J. G. Macdonald

not only for the sake of the  
lads Grandfather - the  
late D. Leach. but because  
his future will probably  
be in Canada.

The Boy is now at an  
English Public School  
where I have little doubt  
he will learn cricket,  
foot-ball & lawn tennis  
but I very much doubt  
whether he will learn any-  
thing else.

I am strongly inclined  
to send him either to

not only for the sake of the  
fact seems to be the  
fact to be. But because  
the future will probably  
be in connection.

The day is now at an  
end. I have not  
yet had time to  
write to you. I  
will do so as soon  
as I have time.  
I hope to see you  
soon. I will  
write to you again.  
I will write to you  
again. I will write  
to you again. I will  
write to you again.

I am strongly  
attached to you.

Germany or Switzerland  
where he may gain a  
knowledge of at least  
two modern languages.  
But I remember that  
Dr. Leach always spoke  
highly of the educational  
system in Montreal  
and before deciding,  
I should be exceedingly  
pleased if you would  
tell me whether you con-  
sider it better to train  
him in Germany or  
in Canada -

in Canada -  
the in Germany or  
bever it better to train  
the one. Make for one  
the spirit of your people  
I think to be necessary  
and before we can  
system in practice  
light of the educational  
to look always after  
But I remember that  
the modern language  
the way of at least  
there is more than a  
Germany or England

If at any time I can  
be of any use to you  
here I beg you will  
command my services.

My wife sends her kind  
regards to Lady Dawson  
& yourself.

Believe me

Yours faithfully & obliged

Thomas F. G. Howell

I can

! you to you!

see I to you with

know and my name.

My wife sends the best  
regards to your  
family.

Believe me

Yours faithfully
