

Cy & P
Del Smith Little Meets,
July 11/87
July 8, 1887

Dear Sir Donald,

I beg to send
with this copy of the
College Calendar, just
completed. It is the
"abridged" edition for
sending to intending
students. The complete
calendar I read the
last proofs of before
leaving Newcastle, and
hope to send it in

1877
a few days. You will
see that ~~all our~~
arrangements are
made for the fourth
year in the Donald
Course, and that
we hope to have a
graduating class of
young ladies (probably
eight) in May next.

I am also glad
to say that Mr Peterson

has expressed to my
in the wish to give
a better position to the
bridge calculations ^{as}
which he is engaged,
and that he is con-
sidering to make some
rearrangements in the
office to this end.
I fully believe that
such arrangements will
greatly promote the
interests of the Company

By providing better facilities
for important portions of
the work, and avoiding
a divided responsibility. It
is strong the opinion of
my son that much money
might be saved and a
divided responsibility avoided
by such a course. I hope
therefore it will have
the benefit of your
countenance.

Sincerely yours

Wm Dewart
